

About Kylie

As a Coach for Studer Group Australasia, Kylie works both as a coach with organisations in implementing and creating sustainability around the Studer Group Evidence-Based LeadershipSM framework and in a development role to help create leadership and change programs to support leaders and grow their organisations.

Kylie loves to utilise her extensive experience in clinical, general operations, management and leadership to build, lead and implement systems, approaches and programs that enable positive organisational change. Kylie is passionate about developing individuals, teams, services and organisations to utilise their strengths, enhance services and provide quality outcomes.

Professional Experience

Prior to joining Studer Group, Kylie was the Senior Lead for Organisational Development for the Nepean Blue Mountains Local Health District and then the Manager of Organisational Development at Nepean Hospital, a 600-bed metropolitan tertiary hospital. In this role Kylie lead the “Committed to Excellence” program, utilising Studer Group’s Evidence-Based LeadershipSM framework to transform the culture and operations of the organisation while undergoing a billion-dollar capital redevelopment and financial turnaround. As a member of the executive team, Kylie has been instrumental in setting the foundations for and seeing improved performance results which will see it set up for its future growth.

Kylie commenced her career as a qualified speech pathologist and has now had a successful career of over 20 years where she has gained extensive experience in management and leadership of multidisciplinary teams, project and change management and organisational development. Areas of expertise include leadership and team development, change management, recruitment and on boarding, development of practice frameworks and learning and development programs.
